

TUTRIC (Tianjin United Tire & Rubber International Co., Ltd.) is the manufacturer of TIANLI tyres.

TUTRIC was founded in 1985 as a joint venture with the Canadian tyre producer United.

TUTRIC is a highly specialised manufacturer of tyres for agricultural, forestry, industrial and construction equipment. The company is one of the leading producers of speciality tyres with over 30 years of experience.

TUTRIC manufactures an extensive tyre product range of over 300 sizes from 16 to 63 inches a number expected to double over the next two years.

TUTRIC was the first Chinese producer to invest early in the development of forestry, flotation and tractor radial tyres.

TUTRIC exports tyres to more than 70 countries worldwide.

TUTRIC constantly strengthens and expands its market position in Europe by steadily increasing the product range and by expanding the network of authorised dealers.

TUTRIC has completed investments of 350 M. US Dollar in new state of the art production facilities covering an area of about 32 ha.

TUTRIC offers modern working environments to its employees, a high expenditure on R&D and sustainable production using only diligently sourced materials for quality green tyres.

TUTRIC focuses strongly on energy saving and environment friendly production processes.

TUTRIC meets all ECE Regulations, REACH requirements and produces according to the standards of ISO9001: Version 2008 in 2010.
