

3080 Healthcare Bed

Völker Long Term Care beds are available in a range of designs and colours; combining the essential functions of a quality medical device with enhanced styling to give any environment a home-like ambience for the improved comfort and wellbeing of anyone in need of a highly functional healthcare bed. Everybody has the right to be treated with respect and dignity, especially people in need of care.

We think, develop and manufacture with this in mind.

Features and benefits

- Two side rail variants: **moving split** or fixed split side rails (3080 FSG). Both variants can be adjusted individually to various heights.
- The **innovative Völker MiS®** Micro-stimulation System provides greater comfort for residents, ensuring a better sleep.
- Residents can adjust the height, lying surface and seating position **by themselves** using the intuitive, ergonomically designed **control**.
- The stable, four-column telescopic height adjustment system ensures a **safe working position** at any height.
