

SPRING/SUMMER 2022

NEW BEGINNINGS

JAZSER BOWS15

ESSENTIALS

A longing for an unspoilt and a clean existence; naive, minimalist, functional and romantic. An urgency to be transparent and proper in material use, production and working conditions.

PASTELS

An outcry for optimistic prettiness, fruity, flowery or architectural and artistic. Glorious, slightly veiled tones for cotton pyjama-wear, yarn dyes and athleisure combined with darker accents.

TWILIGHT

Nostalgia for unspoilt spring/summer pleasures with the smells of fruits and flowers. Colours of glorious sunsets are a symbol of pure pleasure with a clean sky.

ACTIVE

We need good energy for mindful colour developments with floral prints, art infused blocking, country style yarn dyes and daring lace or embroidery contrasts.

ELEGANCE

Think about a new world without seasonal boundaries and new value parameters. These colours represent timeless elegance for upmarket beachwear, silky luxury homeleisure and bras.
