DROPS GRINDER

The Drops Grinder mills more than salt and pepper. It is a spice grinder, so you can choose to freshly mill larger and more unusual spices in interesting ways. The drops-shaped grinder is made of high quality glass and plastic and stainless steel with a ceramic mechanism. In addition to its minimalist, bold design and solid handle, it is also highly functional: the mill sits at the top so that salt, pepper and spices are only dispensed when you grind. In other words, no salt or pepper on the table.
